

Board Candidate Biography

Mark K. Bruno

Mark J. Bruno has served on the NOVEC Board of Directors since 2020 and has been a NOVEC member owner since 1993.

Bruno served as the senior vice president of the Space and Mission Systems Group of Engility Corp. As the lead for more than 2,000 employees, Bruno was responsible for system acquisition, system engineering, and mission support services for the Intelligence Community, NASA, Federal Aviation Administration, Department of Defense, and other U.S. federal agencies. The winner of the Northrop Grumman Presidents Award, he was also responsible for approximately 70 programs worldwide.

Bruno says, "I bring over 35 years of experience in large system acquisition, program management, and executive leadership to NOVEC's board. I will continue to apply this background to ensure NOVEC continues to innovate and grow."

Bruno graduated with a Bachelor of Science degree in computer science from the University of Pittsburgh.

Bruno lives with his wife Irene in Haymarket. They have three adult children and six grandchildren.
